

## **A FREEZE ON HIRING**

Governor Carey's freeze on personnel vacancies in New York State's governmental and public service agencies will prevent the filling of vacancies in faculty and staff positions until at least April 1. The move, part of the Governor's plan to bring added economies to State government, eliminates new and replacement hiring except in emergency situations. In addition to the freeze on positions, persons in supervisory positions at the College are being instructed to keep expenditures for overtime in their departments to the minimum.

Guidelines for restrictions on expenditures for the remainder of this fiscal year will soon be issued to all campuses from the Central Office of the State University. College officials have no information now about the Governor's 1975-76 budget. As soon as that information is received, President Burke plans to communicate it directly to the faculty and staff.

## **DR. BURKE CANCELS INAUGURATION**

President Joseph Burke has cancelled planning for the spring presidential inaugural. In a letter to Faculty Senate Chairman James Dawson, Dr. Burke wrote: "Given the call for austerity in Governor Carey's inaugural address, I feel that it would be unwise to incur the expenses that would necessarily be involved in a presidential inauguration. For this reason, I have decided that no inauguration should be held. Please convey to the Committee created by the Senate my appreciation for the planning they have done for the inaugural and my apologies for cancelling the inaugural at this late date."

## **FACULTY SENATE APPOINTS COMMITTEES ON BYLAW AMENDMENT; VARIABLE FACULTY-STUDENT RATIOS**

At its December 10 meeting, the Faculty Senate authorized its Executive Committee to appoint two ad hoc committees — one charged with studying the procedures for amending Faculty Bylaws and the other charged with studying the implications of assigning variable faculty-student ratios.

Named to the committee studying procedures for amending Faculty Bylaws were Dr. Howard Miller (chairman), J. Derek Allan and Dr. George Dicks. The three-member committee is expected to formulate its recommendations in time for consideration at the Senate's February 4 meeting.

Named to the committee studying the implications of variable faculty-student ratios were Albert Hassler, Dr. Edward Heuston, Miss Clara Johnson, Dr. Roy Malpass, Dr. Nicholas Mammano, and Dr. Esther Westendorf. That committee is expected to complete its deliberations prior to the end of the academic year.

## **'CONVERSATION WITH THE PRESIDENT' SCHEDULED WEDNESDAY**

## **FOUNDATION RECEIPTS INCREASE BY ONE-THIRD**

Gifts to the Plattsburgh College Foundation during 1974 totaled nearly one-third more than they did in 1973, according to the Foundation's recent gift income report. During 1974, says the report, the Foundation received total gifts of \$62,406, or \$15,576 more than was received during the previous year, and \$7,400 more than the organization's goal for 1974. The total does not include \$16,000 which was contributed to a George and Ruth Angell Endowment Fund, established with the Foundation last summer at a testimonial dinner for the Angells.

From its receipts and from interest on its investments, the Foundation during 1974 provide 241 scholarships totaling \$54,788 to Plattsburgh State students, an increase of nearly \$8,000 more than scholarships given in 1973.

More than 15 per cent of the total contributions to the Foundation in 1974 came from members of the organization's Century Club comprising donors of \$100 or more to Foundation programs. Faculty members who gave to the Century Club during 1974 were J. Derek Allan, Mrs. Olive Bradley, Dr. Joseph Burke, Dr. Philip Clarkson, Vincent Delio, Dr. Herman Doh, Willard Flynt, Donald Garrant, Mrs. Nilah Hausdorf, Dr. Hilton Heming, Malcolm Lavery, Dr. Ernest Rangazas, Bernard J. Seawell and Mrs. Eileen Wardner.

## **CREDIT UNION DECLARES SIX PER CENT DIVIDEND**

The board of directors of the SUNY-Plattsburgh Federal Credit Union has declared a six per cent dividend on accounts for the period from July 1 through December 31, 1974. Interest for the six-month period ending December 31, 1974, will be posted to accounts this month, and updated statements will be mailed to shareholders in the credit union. Dividends for the second half of 1974 increased a full one per cent over the five per cent dividend declared for the first half of the year. The credit union, with slightly more than 300 members, has steadily increased its dividend percentage since its inception in 1972.

## **COUNSELING SERVICES ACCREDITED**

The International Association of Counseling Services (IACS) has reviewed and accredited counseling services at Plattsburgh State. Plattsburgh thus becomes one of a select few SUNY colleges with accredited counseling services. The self-evaluation report upon which accreditation hinges was approximately two years in the writing under the direction of Dr. Lee H. Alley, director of counseling services, and Thomas Corigliano, who acted as director of counseling service during Alley's sabbatic leave last year.

## COLLEGE CENTER SPECIAL DINING ROOM REOPENS

The special dining room on the first floor of the College Center — opened for a brief period during the first semester — has reopened for the second semester and offers an a la carte luncheon menu, served by waitresses. The dining room is open weekdays from 11:00 a.m. until 1:30 p.m., and lunches are served on a cash basis, with no meal tickets honored. As reported in the December 12 issue of *Cardinal Points*, the College Center Advisory Committee recommended the present format for lunches in the special dining room to provide a quiet and out-of-the-ordinary dining atmosphere for students and faculty who were willing to pay for that type of service.

### **PRESIDENT SEEKS ALTERNATIVES TO STATE-PROPOSED FACULTY REDUCTION**

Governor Hugh Carey's recommended State budget for 1975-76 poses several problems for the College at Plattsburgh, the greatest of which is the elimination of four faculty positions and one general support position. President Joseph Burke met Monday with the executive committees of the Faculty Senate and the United University Professions to explain the local implications of the Governor's budget and to pledge his efforts to explore alternatives for achieving the proposed reduction in positions without reducing the number of teaching faculty at the College. Dr. Burke's proposed alternatives are being reviewed now by officials of the State University and the State budget office. He pledged to meet with University and budget office representatives as soon as he receives a response to his proposals.

The State budget unveiled by the Governor last week recommends an increase for the College at Plattsburgh of \$429,000 more than the 1974-75 operating budget. Dr. Burke explained, however, that \$423,000 of that increase is already earmarked for mandated salary increases for College employees. The budget cuts \$43,000 for the five eliminated positions and \$16,000 for supplies and equipment. It also provides only \$91,000 of the estimated \$183,000 required for increases in fixed costs.

Taking all factors into consideration, Dr. Burke explained, the Governor's proposed budget actually will have the College operating on \$145,000 less during 1975-76 than it had budgeted for the current year.

### **STUDENT POLL TO ASSESS SENTIMENT FOR FOOTBALL FUNDING**

The Student Senate Tuesday evening voted to send two questions on Student Association funding of varsity football to a vote of the entire student body. In a Tuesday (February 11) referendum students will be asked their opinions on the questions:

"(1) Do you support Student Association funding of the football program or not?

(2) In the event that administrative funds are not available for a full-time coach, would you support Student Association funding or not?"

The Senate voted to send the questions to student referendum after a Tuesday meeting where interested students and faculty met with College coaches to discuss the future of the College's football program. The Student Association currently allocates approximately \$15,000 per year in support of varsity football.

Complete details on voting hours and locations for Tuesday's referendum were not available at press time, but will be distributed by the student board of elections.

### **FACULTY SENATE APPROVES AND FORWARDS PROPOSED AMENDMENTS TO BYLAWS**

At its regular meeting Tuesday the Faculty Senate approved two proposed amendments to the Faculty Bylaws and forwarded the proposals to the Senate Committee on Membership and Elections. One amendment, proposed by an ad hoc committee to study the procedure for amending the bylaws, clarifies the procedure for amending the Bylaws and provides for minor amendments of the Bylaws (to improve clarity and consistency) to be voted upon by the Senate rather than by the entire voting Faculty.

A second amendment was proposed by the Senate Standing Committee on Graduate Studies and, if approved by vote of the Faculty, would alter the membership of the Standing Committee on Graduate Studies to include fourteen members, including the Executive Dean of Graduate Studies.

The proposed amendments will be discussed at an informational meeting of the Faculty and then presented to the voting Faculty for approval.

### **CREDIT UNION ANNUAL MEETING MONDAY**

The tutorial program is designed for veterans studying on a half-time or more basis who need help in courses essential to their programs of education. Receipt of the tutorial aid does not affect the veterans' basic education entitlement earned during military service. For more information contact Jim Morgan in Kehoe 708.

### **PRESIDENT BURKE ANNOUNCES REORGANIZATION OF ACADEMIC FACULTIES**

At a general meeting of the College faculty Tuesday afternoon, President Joseph Burke announced plans to reorganize the College's academic structure from five to three major branches. Effective July 1, the College's five academic faculties will be reorganized into the Faculty of Arts and Science, the Faculty of Professional and General Studies, and the Office of Graduate Studies, Research and Academic Services. Named to head the three areas are Dr. Harold J. Perkins, Dean of Graduate Studies, Research and Academic Services; Dr. Philip B. Clarkson, Dean of the Faculty of Arts and Science; Dr. Nicholas F. Troisi, Dean of the Faculty of Professional and General Studies.

Dr. Burke proposed the reorganization to officials of the State University and the Governor's Budget Office as part of his alternative to the Governor's recommended reduction in the size of the College's teaching faculty. Dr. Burke's plan, which will maintain the number of personnel currently employed by the College and keep the teaching faculty at its current size, eliminates five vacant, non-instructional positions from the College payroll.

"The five-faculty structure in the past," said Dr. Burke, "was an admirable organization to convert the College from a small teacher-education institution to a medium-sized, multi-purpose institution during a time of rapid growth. On the other hand, the new organization will allow the kind of response necessary in an era of leveling enrollments and restricted budgets."

Dr. George Pasti, presently Dean of the Faculty of Social Sciences, and Dr. Hilton P. Heming, presently Dean of the Faculty of Professional Studies, will assume professorships in history and education, respectively. Commenting on the years of service of Deans Heming and Pasti, Dr. Burke said: "My deepest thanks and appreciation go to both colleagues for the professional service and personal support they have given me during my tenure at the College. The high quality of the faculty and the programs in their respective units is a tribute to their achievements as Deans. I am pleased that the College at Plattsburgh will continue to have the benefit of their services."

### **FOOTBALL REFERENDUM INVALIDATED AND RESCHEDULED ; STUDENT FORUM PLANNED**

Tuesday's Student Association referendum on the future of football at Plattsburgh State was declared invalid by the chairman of the student board of elections, Bruce Petteys. The referendum has been rescheduled for next Tuesday (February 18).

Petteys declared the referendum invalid for the following reasons:

- ballot boxes were not properly sealed;
- no student rosters were on hand to eliminate possibilities of students voting more than once;
- there were not sufficient workers to man the polls;
- the instruction, "answer both questions," was added to the ballot. (That instruction was not included in the text of the referendum proposed by the Student Senate.)

The referendum asks members of the Student Association whether they support S.A. funding of football, and whether they will continue to support S.A. funding of football if a full-time coach for the team is not available next fall. The S.A. currently allocates \$15,000 per year in support of the varsity football program.

A student forum on the football issue is scheduled Monday evening beginning at 8:00 p.m. in Yokum 202. Any interested member of the SA is invited to attend the question and answer session.

### **WINTER WEEKEND ACTIVITIES BEGIN TUESDAY**

Activities scheduled in conjunction with Winter Weekend '75 will begin Tuesday with voting among undergraduates for the king and queen of the weekend. This year's festivities will include a wine and cheese party and coronation Wednesday evening, a faculty/student talent show Thursday evening, a hockey tournament on Friday and Saturday, a beer blast Friday, a semi-formal Saturday, a "coffee-house on ice" skating session and a mini-concert Sunday. Traditional Winter Weekend snow sculptures and window paintings will be judged Saturday, and the judging will be followed by organized winter sports competition behind Memorial Hall.

Several other campus events are scheduled during the Winter Weekend period, including a four-day residency by the Syracuse Symphony Orchestra, three at-home varsity basketball contests, and a Saturday gymnastics meet versus Plymouth State. Weekend activities will be detailed in calendars on the back of *Weeklys* published today and February 20. "Vaudeville" is the theme for Winter Weekend '75.

### **JOHN DEAN HERE FEBRUARY 28**

The Student Association Speakers Forum announced this week that it will present a February 28 lecture by former White House counsel John W. Dean III. Dean will appear at Memorial Hall Gymnasium for the 8:00 p.m. speech. Plattsburgh State students will be admitted free of charge beginning at 7:00 p.m., and the general public will be admitted for \$1.00 per person, on a space-available basis, beginning at 7:40. Dean's contract price for the Plattsburgh address is \$3,500 plus expenses.

The track team will be host at an open meet scheduled to begin at 9:00 a.m. at the Field House; the gymnastics team meets Brockport State at 1:00 p.m. in Memorial Hall Gymnasium; the Cardinal swim team competes against Oneonta beginning at 2:00 p.m. in the Memorial Hall Natatorium; and the hockey team faces off against Champlain Regina College at 7:30 p.m. at the Field House.

On Wednesday evening (February 19) the Cardinal basketball team will begin a three-game home stand when it takes on SUNYAC rival Albany State. Admission to basketball and hockey contest is free of charge for S.A. members, \$.50 for non-Plattsburgh State students, and \$1.00 for adults. Admission to all other athletic contests on campus is free of charge for everyone.

## PARKER NAMED TO ECAC HONOR ROLL

Freshman forward Larry Parker of the Cardinal basketball team has been named to the Eastern College Athletic Conference Division III honor roll for the second time this season. Parker was named most recently for his performance during the week ending February 8. He was also rookie of the week on the ECAC Division III honor roll for games played during the week ending January 18. The 6'6" standout from New York City is also the leading rebounder in Division III of the NCAA with an average of 18.3 rebounds per game.

## ATTENTION OPERA LOVERS

Wagner's Ring des Nibelungen is back at the Met, for the first time in its entirety since the 1961-62 season. The Ring, — some fourteen and a half hours spread over a minimum of four days — is the longest successful unified work of music ever composed. The first opera of the cycle, "Das Rheingold," will be broadcast this Saturday, February 15 from 2-5 p.m. The Cardinal Lounge in the College Center will be open and the stereo will carry the broadcast for anyone who wishes to go and listen. Three future programs will also be offered in the Cardinal Lounge: "Die Walkure" on Saturday, March 1; "Siegfried" on March 15 and "Gotterdammerung" on March 29.

## WINTER WEEKEND ACTIVITIES FILL COLLEGE CALENDAR

Winter Weekend '75 activities began last evening with a wine and cheese party in the College Center Ballroom to celebrate the crowning of the king and queen. The full schedule of weekend activities is included in the calendar at the end of this issue and includes such highlights as the talent show this evening at 9:00 in Hawkins Hall Auditorium, a Friday and Saturday hockey tournament, and a Sunday evening concert featuring the Woodstock rock recording group Orleans.

Window paintings and snow sculptures patterned after the Winter Weekend "Vaudeville" theme will be judged Saturday at 11:00 a.m. and noon, respectively. This year's window paintings will be created on the windows of the College Bookstore facing the Myers Fine Arts Building. Snow sculptures will be located at various sites around the campus.

Saturday evening's semi-formal (open to students only) will feature entertainment by "Happy Daze." Tickets are being distributed at the College Center Desk and are required for admission.

A description of the Friday and Saturday hockey tournament and the gymnastics and basketball events scheduled this weekend, is located elsewhere in this issue.

## STUDENT REFERENDUM SHOWS OVERWHELMING SUPPORT OF FOOTBALL

Sixty-eight per cent of the 1,401 students who voted in a Tuesday referendum said they support Student Association funding of the varsity football program. Of the 940 voters who indicated their support for the program, 722 said they would continue to support it even if State administrative funds were not available to hire a full-time coach for the sport.

Student Association President James Campbell commented that the football referendum drew one the largest student voter turnouts in recent years and commended the Student Board of Elections for the smooth operation of the voting.

## SUGGESTIONS SOUGHT FOR COMMENCEMENT SPEAKER

Faculty and students interested in nominating speakers for the May 25 Spring Commencement ceremony are invited to forward their suggestions to Don Garrant, assistant to the president for college relations, in Room 807 of the Kehoe Administration Building. There are no restrictions on the area or interests which a commencement speaker might represent. A brief justification for each nomination will aid the commencement committee in making its final speaker selection.

## SENIORS — ORDER YOUR CAPS AND GOWNS BEFORE MARCH 15

Personnel in the College Bookstore are currently fitting prospective May graduates for caps and gowns. Any senior who expects to participate in the May Commencement is urged to be measured now and to place an order for a cap and gown. Ordering places a person under no obligation to pay for a cap and gown unless it is used, so students whose graduation is questionable should also be fitted.

Also, graduation announcements may be ordered now from the Bookstore at a prepaid cost of \$.35 each, plus tax. The deadline for ordering caps and gowns and announcements is March 15.

## PRINTING/DUPLICATING SERVICE EXTENDED

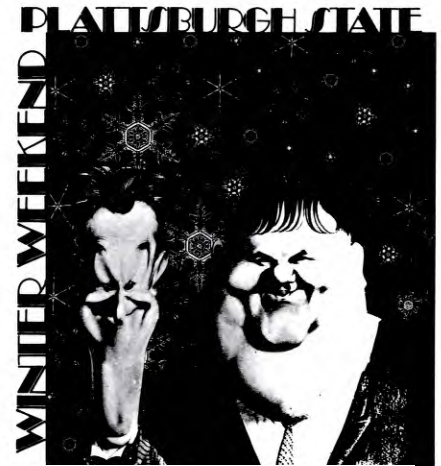

As an extra service to its users, the Printing/Duplicating Center on the first floor of the Kehoe Administration Building has extended its schedule to include the noon hour. The noon hour service was initiated especially for short-run duplicating jobs, but other jobs will be accepted during that period as well, time permitting. The new Printing/Duplicating Center hours are 8:30 a.m. until 5:00 p.m. weekdays.

## AN ENERGY SAVING HINT FROM BUILDINGS AND GROUNDS

Malcolm Collin, director of the College's physical plant, asks everyone on campus to be conscious of closing doorways, especially in vestibules and entrances. Collin explains that the hydraulic fluid in door closers assumes a higher viscosity during extreme low temperatures and causes doors to act sluggishly and sometimes remain ajar. You'll be helping the College to conserve its energy supplies — and you'll stay warmer — if you check to be certain that all doors close behind you.

## SYRACUSE SYMPHONY ORCHESTRA HERE FRIDAY THROUGH SUNDAY

The Clinton County Council on the Arts will sponsor appearances on campus of the Syracuse Symphony Orchestra Friday through Sunday. The Orchestra's Rock Ensemble will perform Friday evening at 7:30 in the Large Auditorium of Hawkins Hall. Admission is \$1.50 per person.

Three workshops are scheduled Saturday afternoon in Room 300 of the Fine Arts Building. The Orchestra's wind ensemble begins its workshop at 2:00, the baroque ensemble workshop begins at 3:00, and the brass ensemble workshop begins at 4:00. Admission to the workshops is free of charge and open to all.

Saturday evening the entire Orchestra will perform in concert at the Large Auditorium of Hawkins Hall and feature Robert Hagreen as soloist in Mozart's Horn Concerto #2. Tickets for the Saturday evening concert are \$3.75 for adults and \$1.50 for students and senior citizens.

Sunday at 3:00 p.m. the Orchestra will perform a Tiny Tots concert with Sesame Street's Big Bird in the Campus School Gymnasium. Admission to the concert is \$1.00 per person, and any adult accompanied by eight or more children will be admitted free. On Sunday evening the Orchestra's brass ensemble will perform at 7:30 at Northeastern Clinton Central School, and the string ensemble will perform at the Newman Center beginning at 8:00.

Tickets to the Orchestra performances may be purchased at the main desk of the College Center.

### FACULTY/STUDENT HUMANITIES LECTURE SERIES RESUMES

The Faculty/Student Humanities Lecture Series resumes for the Spring Semester next Thursday (February 27) with a lecture by Dr. John Goldthwait titled "Henry Kissinger's Pragmatic Morality and International Ethics." Everyone is invited to attend the lecture beginning at 4:00 p.m. in the Cardinal Lounge of the College Center.

### PUBLIC SKATING SESSIONS CANCELLED THIS WEEKEND

Due to the heavy calendar of Winter Weekend activities, all but one of the regular public and campus skating sessions scheduled at the Field House have been cancelled for the weekend. The only public skating session which remains on the schedule is from 1:30 until 3:00 p.m. Sunday. A Coffeehouse on Ice skating session planned in conjunction with Winter Weekend is scheduled for students from 3:30 until 6:30 p.m. Sunday.

### HOCKEY TOURNAMENT HIGH POINT OF WEEKEND SPORTS

A two-day Winter Weekend Hockey Tournament featuring the Plattsburgh Cardinals and teams from Champlain Regional College, Rochester Institute of Technology and Plymouth State dominates this weekend's calendar of intercollegiate athletic competition on campus. Champlain Regional faces RIT in Friday night's first-round opener beginning at 7:00 at the Field House, followed by Plattsburgh State vs. Plymouth State at approximately 9:30. Saturday afternoon's consolation contest begins at 1:00, followed by the championship game at approximately 3:30. Tickets each day are \$3.00 for reserved seats, \$2.00 for general admission and \$1.00 for children under 12. Student Association members and senior citizens over 65 will be admitted free of charge.

The varsity basketball Cardinals also face two opponents at the Field House this weekend. Friday they meet Fredonia State in an 8:00 p.m. contest, and Saturday evening at 6:30 they take on St. John Fisher. Admission to both contests is free of charge. The varsity gymnastics team is also scheduled at home Saturday in an 11:00 a.m. contest against Plymouth State at the Memorial Hall Gym. Admission is free.

### **STUDENT ASSOCIATION ADOPTS POSITION PAPER ON FOOTBALL AND COACHING**

The Student Association Senate and Executive Council have approved an official position paper outlining the S.A. stance on intercollegiate football at the College and suggesting financial limits for S.A. support of coaching staff. The position paper reads:

"On Tuesday, February 18, the student body of Plattsburgh State University College voted by a margin of over two to one that the Student Association should continue to fund the intercollegiate football program whether there is a full-time or a part-time coach. In accordance with the wishes of the student body, the Student Association shall continue its support of the football program. However, the Student Association has placed a stipulation on its financial support for all intercollegiate sports. In the future, no more than \$2,000 shall be expended for coaching in any single intercollegiate sport, and the total Student Association funds used for coaching in the intercollegiate sports program shall not exceed ten per cent of their total budget."

Student Association President James Campbell explained yesterday that the position paper will be forwarded to the Intercollegiate Athletic Board as a formal recommendation of the Student Association.

### **TRUSTEES APPROVE SUBMISSION OF WPLT'S FM LICENSE APPLICATION**

By a resolution passed at their meeting Wednesday, the State University Trustees have authorized Chancellor Ernest L. Boyer to submit an application to the Federal Communication Commission for a license to construct and operate a non-commercial, educational FM broadcast station at the College at Plattsburgh. The license application for the student-operated FM radio station, WPLT, has been under development for several years. If approved by the FCC, the license would permit WPLT to construct and operate an FM station with an effective radiated power of 400 watts. WPLT now broadcasts its 24-hour-a-day programming over the AuSable Valley Cable network on a frequency of 90.9.

The license application provides for a student-funded and student-managed FM broadcast station operated under the general supervision of the College Vice President for Student Affairs.

WPLT General Manager Rob Dumke explains that the timetable for licensing will depend on the backlog of work at the FCC, but predicts that FM broadcasting will begin no sooner than six to ten months from now.

### **FACULTY SENATE 'STRONGLY DISAPPROVES' PRESIDENT'S FAILURE TO CONSULT ON REORGANIZATION**

Contending that President Joseph Burke "disregarded both the spirit and letter of policy, precedent, and tradition" in arriving at the recent decision to reorganize the College administration and appoint three deans, the Faculty Senate Tuesday evening passed a resolution which "strongly disapproves President Burke's failure to consult with the faculty as prescribed in the *Faculty Bylaws* before promulgating the recent College reorganization and appointments."

The Senate defeated a motion to censure the President for his failure to consult with faculty on the reorganization and appointment of Deans.

Commenting on the resolution, President Burke said: "I understand the Senate's concern over the lack of consultation. However, I felt that the circumstances which led to the reorganization made it impossible to follow the usual form of consultation."

A related resolution passed by the Senate Tuesday authorizes its Standing Committee on Budget and Resources to study the new College organization and make policy recommendations to the Senate.

Two other resolutions passed by the Senate:

- designate the Standing Committee on Faculty Affairs as the faculty governance body to be consulted by the President on all aspects concerning decisions about reallocation of faculty positions that may be necessary before September 1, 1975;
- authorize the Standing Committee on Faculty Affairs to formulate, in conference with the Office of the President, a policy to govern the reallocation of faculty positions after September 1, 1975, and to refer that policy to the Standing Committee on Budget and Resources.

Further, the Senate approved a resolution passed by its Executive Committee authorizing the Standing Committee on Undergraduate Studies to consult with the Acting Vice President for Academic Affairs on preparation of the 1975/1977 Undergraduate Catalog. The resolution instructs the Committee to pay particular attention to resolving problems created by the proximity of the recent reorganization to the printer's deadline, ensuring appropriate faculty approval before changing or infringing upon existing policies or programs.

A resolution defeated by the Senate Tuesday would have authorized appointment of an ad hoc committee to make recommendations to the Senate on the roles of the various units of the administrative structure under the Vice President for Academic Affairs. The ad hoc committee would have prepared job descriptions for department chairmen and for the Deans appointed in the administrative reorganization, and would have addressed means for appointing or electing departmental chairman and determining their terms of office.

### DETAILS OF 'RIGHTS AND PRIVACY' ACT

The Family Educational Rights and Privacy Act, commonly called the Buckley Law, guarantees students "the right to inspect and review any and all official records, files and data directly related" to them, and to deny access to those records to other persons except in limited and specified circumstances. At Plattsburgh State, students may inspect and review their records in the offices where the particular records are held. Students are guaranteed reasonable explanations and interpretations of their records by the institution, and they may challenge the content of their records as inaccurate, misleading or otherwise inappropriate data and request insertion into the record of a written explanation respecting the data.

Students not satisfied with the institutional response to questions about their data may request a hearing by the College hearing officer, Mrs. Olive Bradley, Assistant to the President for Affirmative Action and College Secretary.

The following educational records are maintained by the College in the offices listed:

- **Permanent records** — held in the Registrar's Office, permanent records include census information, transcripts, records of academic and disciplinary actions, admission records and high school records.
- **Placement records** — held in the Placement Office files, these records include references, student teaching evaluations and personal data sheets completed by students.

The College has also designated certain student data as "**directory information**" which it may release to the public. Students who object to release of any directory information about themselves to the public may register their objections with the Registrar. Included in directory information are the student's name, college address, home address, college telephone listing, date of birth, parents' names, high school attended, major field of study, participation in officially recognized activities and sports, dates of college attendance and degrees and awards received.

President Joseph Burke has empowered three campus committees to draft descriptions of job responsibilities for deans and department chairmen within the reorganized academic administration.

Dr. Carl Engelhart will chair a committee to draft the job responsibilities of the Dean of the Faculty of Arts and Science and the Dean of the Faculty of Professional and General Studies. Members of his committee will be Dr. William Berberet, Dr. Philip Clarkson, Dr. Robert Donaldson, Miss Barbara Hynes, Dr. Gordon Pollard and Dr. Nicholas Troisi.

Dr. John Goldthwait will chair a committee charged with drafting the job responsibilities of the Dean of Graduate Studies, Research and Academic Services. Members of that committee will be Dr. W. Raney Ellis III, Dr. Ralph Grover, Dr. Gerald Kokoszka, Mrs. Elizabeth Lane, Dr. Harold Perkins and Dr. Richard Stowe.

Dr. John L. Myers will chair a committee to draft job responsibilities for department chairmen. Members of this committee will be Dr. H. Townsend Carpenter, Dr. Alan Frank, Dr. Hilton Heming, Dr. Stanley Johnson and Dr. J. Stallard Waterhouse.

Each of the committees has been requested to submit its draft to President Burke during the week of April 7. After soliciting suggestions and comments from members of appropriate campus groups, Dr. Burke will publish the final job responsibilities for the deans and departmental chairmen.

### PLATTSBURGH LEADING SUNY IN APPLICATIONS FOR FALL ADMISSION

Throughout the University applications have increased 2.6 per cent compared to a year ago, while applications to Colleges of Arts and Science have increased an average of 2.0 per cent. At Plattsburgh, applications have increased 18 per cent over figures of a year ago.

Applications for transfer to Plattsburgh submitted by students at other SUNY institutions are up 25.4 per cent. Transfer applications from non-SUNY students are up 18.9 per cent. And applications from prospective freshmen are up 16.5 per cent. The figures, released from the State University's Central Office, are for the academic year through March 3.

Director of Admissions Dave Truax attributes the increase in applications to "Lots of hard work, attractive academic programs and the College's geographic location."

## **FACULTY SENATE TO SEEK FUNDS FOR FACULTY FORUM**

At its March meeting held Tuesday in the banquet room of the College Center, the Faculty Senate approved a motion to seek funds to continue publication of *Faculty Forum*, a faculty journal (now three issues old) which is a vehicle for expression of faculty opinions about operation of the College. As interpreted in a ruling by the Chairman of the Senate, the motion implies that the Senate endorses continued publication of *Faculty Forum*, but feels that funds for its operating budget should come from a source outside the Senate to guarantee the publication's integrity.

The Senators approved resolutions in memory of George Cranford and Dr. J. Stuart McNair, two former faculty members who have died in recent weeks.

A motion concerning Pass/Fail Policies, tabled by the Senate at its December 10, 1974, meeting, was discussed at length and amended slightly but could not be voted upon due to lack of a quorum.

## **COZANNE RICKS MEDICAL FUND OVER \$800**

With several large collections from College residence halls still outstanding, collections for the Cozanne Ricks Medical Expense Fund had mounted Wednesday to more than \$800. Fund organizers in the Student Association have set a goal of collecting one dollar per person from every College staff member and student. Donations may be made in person at the collection desk in the College Center Lobby, or by mail to the Student Association Office in the College Center. Miss Ricks remains hospitalized at the Mary Fletcher Unit of the Vermont Medical Center, under treatment for injuries suffered when she was assaulted February 14 at her apartment in Plattsburgh.

## **OPEN HOUSE SCHEDULED APRIL 26**

**PARKER FINISHES SEASON AS NCAA DIVISION III REBOUNTING LEADER**

Plattsburgh's 6'6" freshman forward Larry Parker has finished the 1974-75 basketball season as the leading rebounder in Division III of the National Collegiate Athletic Association. In 23 games Parker controlled 430 rebounds for an average of 18.7 per game — 2.5 rebounds per game more than his closest Division III competition. He was also the fourth leading field goal percentage shooter among players from the NCAA's Division III, scoring on 62.4 per cent of his attempts from the field.

### **LEGISLATURE TRIMS COLLEGE BUDGET STILL FURTHER**

Prior to its Easter Recess the State Legislature passed a budget for the 1975-76 fiscal year which trims an extra \$119,000 from the budget of the College at Plattsburgh. Combined with the \$388,461 which Governor Hugh Carey's budget planners had cut from the College budget request in their recommendation to the Legislature, the total reduction from the College's initial request now stands at \$507,461.

"This further reduction passed by the Legislature will force some adjustment in campus operations," said Vice President for Finance and Management Bernard J. Seawell. "It may be necessary to restrict expenditures in such areas as travel, supplies and replacement of equipment, but it should be emphasized that the new reduction will not cause any major alterations such as elimination of programs or personnel. A note of caution should be added though," said Seawell. "Governor Carey may still impose expenditure ceilings or extend the freeze on hiring which has been in effect since January 8. Our attitude now is one of 'wait and see.'"

### **ADMISSIONS OUTLOOK BRIGHT**

At last count, the College Admissions Office had received 7,680 applications for admission for the fall semester of 1975. The total represents an increase of 1,104 applications more than had been received at this time last year, or an increase of approximately 17 per cent. Throughout State University, the total increase in applications for the fall of 1975 currently stands at two per cent. The College expects to enroll 1,700 students for the fall semester — 950 freshmen, 650 transfer students and 100 readmitted students.

Final admission figures for the current spring semester showed a 13.1 per cent increase in total applications. Of the 898 students who applied for application in January, 458 were admitted.

### **CANDIDATES INTERVIEWING FOR VICE PRESIDENCY OF STUDENT AFFAIRS**

The search for a Vice President for Student Affairs has progressed to the stage of on-campus interviews with finalists. The first candidate is on campus today; additional interviews will be conducted Monday through Thursday of next week. Each of the candidates will meet with President Joseph Burke, the three College vice presidents, the student affairs staff, the President's cabinet, the standing committees on faculty and student affairs, the search committee, student leaders, students and faculty. Information on the times and locations for candidates' meetings with faculty and students may be obtained from the search committee chairman, Dr. John L. Myers, at 564-2010. Results of the interviews will be forwarded to President Burke for a final decision on a successor to Vice President Willard Flynt, who retires June 30.

### **FINAL APPROVAL RECEIVED FOR TWO NEW PROGRAMS**

The College has received final approval from the State Education Department for two new programs — the Master of Arts (Liberal Studies) and the Bachelor of Arts and Bachelor of Science in Computer Science. The Master of Arts (Liberal Studies) will allow students to tailor existing graduate courses into a program of study which will fit their career or intellectual objectives by combining courses in one major concentration of study with selected courses from two other complementary areas. Similar in structure to the Bachelors degree in General Studies, it essentially allows students (with advice and consent of faculty) to construct their own major programs of study from existing campus resources.

There are currently 41 students enrolled in the undergraduate computer science program, and that department now offers a total of 25 courses taught by three full-time and five part-time faculty. Courses in computer science have been offered on the Plattsburgh campus since 1970, and several students have already included the available computer science courses in their requirements for general studies baccalaureate degrees.

### **CONVERSATION WITH THE PRESIDENT APRIL 17**

The next Conversation with the President is scheduled Thursday (April 17) at noon in the Cardinal Lounge of the College Center. President Burke invites all interested persons to join him and share thoughts and questions on any topic.

### **CAREER NIGHT SCHEDULED MONDAY**

Students will have the opportunity to discuss employment prospects with recruiters representing a range of professions during a Career Night to be sponsored by the Career Planning and Placement Office Monday evening (April 14) from 7:15 until 9:00 p.m. in the Ballroom of the College Center. Recruiters representing business, industry, the military, retail sales, health services, computer science, broadcasting, recreational services, social services, law, banking, accounting, government, nursing, Peace Corps and VISTA have already announced their plans to attend. Interviews for recruiters who desire them will be arranged on campus the following day.

### **COLLEGE PARKING LOTS TO BE OPENED AFTER 5:00 P.M.**

Following a recommendation from the ad hoc committee on campus parking, restrictions on parking in all College parking lots, with the exception of lots R, S and T, will be lifted each day from 5:00 p.m. until 6:00 a.m., effective immediately through May 26. Lot R is located in front of the Service Building on Sanborn Avenue, lot S is adjacent to the Algonquin (Stage XIV) Dining Hall, and lot T is adjacent to the Infirmary. Director of Campus Safety and Security John Calkins explains that this policy is initiated on a trial basis.

## COMMITTEE ON PROFESSIONAL EVALUATION ORGANIZES

Carol Allen (assistant director of housing), Lee Alley (director of counseling) and Raymond LaRocque (educational conference coordinator) have been elected to the campus committee on professional evaluation. Reappointed to the committee by President Burke were J. Derek Allan (facilities program coordinator) and Robert Moll (assistant to the dean of the Faculty of Science and Mathematics). The committee is formed to hear appeals from non-teaching professionals who receive unsatisfactory ratings on their job performance evaluations. The committee reviews documents and investigates circumstances of the evaluations and makes recommendations which are forwarded to President Burke.

## TENNIS COURTS OPENED FOR THE SEASON

Campus tennis courts have been opened for the season and, though public use is invited, priority for use of all courts will be given to students, faculty and staff at the College. Indoor courts at the Field House are available for recreational play weekdays on evenings from 7:00 until 10:00 and weekends from 9:00 a.m. until 5:00 p.m. at a rate of \$4.00 per court for each one-and-one-half hour period. Courts behind Macdonough Hall will be lighted in the evening when students are on campus. Courts adjacent to Hawkins Hall will be reserved weekdays from noon until 6:00 p.m. for use by local high school teams. When not in use for high school practices, the Hawkins Hall courts will be reserved for faculty play as they have been in past years, and keys to the courts will be available at the Security Office. A planned study of the use of the Hawkins Hall courts will determine whether they are receiving sufficient play to warrant continued reservation.

## HUDSON SYMPOSIUM ADDRESSES SYSTEMS THEORY

An interdisciplinary approach to systems theories and applications will be the topic of the Eighth Annual George H. Hudson Symposium when it convenes here tomorrow and Saturday. Recognized authorities on systems theory from throughout the Northeastern United States and Canada will gather at the College for two days of discussions relating systems approaches to a range of academic disciplines. Persons interested in attending the Hudson Symposium who have not yet made arrangements may contact Dr. William Hartnett at 564-2194.

## PARKER REAPS STATE AND NATIONAL HONORS

Freshman basketball sensation Larry Parker reaped several of the benefits from his outstanding 1974-75 season this week when he was named Rookie of the Year in the Eastern College Athletic Conference (ECAC) Division III and won berths on the All-ECAC and All-SUNYAC basketball teams. Parker led the nation's small-college rebounders with his average of 18.7 rebounders per game. He was fifth leading scorer in SUNYAC contests with an average of 17.9 points per game. His field goal shooting percentage of .624 earned him third place nationally in that category. He was third in the voting for All-SUNYAC honors.

### **FACULTY SENATE APPROVES REVISED WITHDRAWAL POLICY AND CANADIAN STUDIES PROPOSAL**

The Faculty Senate Tuesday approved and sent to the President its recommendation for a revision of the College withdrawal policy. The proposal passed by the Senate would allow a student to withdraw from any course up until the midpoint of the time period during which the course is offered. Withdrawals after the midpoint deadline would be subject to the approval of the chairman of the department which offered the course. Students withdrawing prior to the last ten days of a course would automatically receive the symbol "W" on their transcripts indicating their withdrawal. Transcripts of students who withdrew during the last ten days of a course would show any grade submitted by the instructor. The policy further stipulates that full-time undergraduates shall be expected to complete 12 course credit hours per semester. The entire policy is subject to the approval of President Burke.

The Senate also approved and forwarded to the President a proposal to establish a Bachelor of Arts degree program in Canadian Studies at the College. The proposal has now been reviewed by all appropriate campus committees. Final approval from President Burke, the State University and the State Education Department is necessary before the degree program may be initiated on campus (spring semester 1976, at the earliest).

The Senate Tuesday authorized its executive committee to appoint an ad hoc committee to review the Faculty ByLaws with respect to the recent reorganization of the College administrative structure. Committee recommendations will be reported to the Senate.

### FLYNT, GILTZ, HIRSCH TO RECEIVE DISTINGUISHED SERVICE AWARDS

The College's highest award — the Distinguished Service Award — will be presented to three local persons May 25 during the eighty-fifth annual spring commencement exercises. Selected to receive the award are College Vice President for Student Affairs Willard C. Flynt, Northern Insuring Company President E. Glenn Giltz, and College Professor of History Hans E. Hirsch.

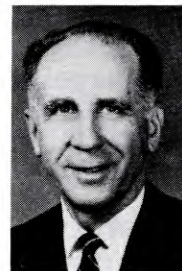

Mr. Flynt's citation will be given "in appreciation of 20 years of service to the College, mostly as Dean of Students and Vice President for Student Affairs, and in recognition of those personal qualities of benevolence, compassion, judiciousness and integrity which have earned him the lasting respect and gratitude of thousands of students." Mr. Flynt will retire from the College June 30.

Mr. Giltz, who has been a member of the Plattsburgh College Foundation since 1969 and first vice president of the organization and chairman of its fund raising committee since 1970, will be honored for his "outstanding service to humanity, in particular his faithful and unselfish efforts in behalf of the educational welfare of needy young adults" as evidenced in his support of and service to the Plattsburgh College Foundation.

Dr. Hirsch's award will recognize his 26 years of service to the College and its people and programs "as a teacher and scholar, instructional innovator, and as friend and counselor to thousands of students whose lives have been enriched by his wisdom, integrity and his illuminating approach to learning." Dr. Hirsch will retire from the College at the end of the 1975 summer session.

### F.S.A. OFFERS CHOICE OF TWO MEAL PLANS FOR FALL '75

A choice of two meal plans will be available to students who reside in Plattsburgh State residence halls in the fall semester, 1975. One of those meal plans — the one which provides students with nineteen meals per week in campus dining halls — is offered at no increase in price over a comparable plan which was available on campus this academic year.

The two plans which will be available for the coming fall semester are titled "the dining hall plan" and "the campus script plan." The dining hall plan provides students with nineteen meals per week — breakfast, lunch and dinner Monday through Saturday and a mid-day meal on Sunday — at a cost of \$375 per semester. It is the most economical plan available to students on a cost per meal basis, and is priced approximately the same as a similar program available to students during the current academic year.

The campus script plan is the most flexible plan available for fall 1975 and makes allowances for students whose schedules prevent them from eating during regular dining hall hours. Students who elect the script plan will purchase \$365 worth of script in varying denominations at the beginning of the semester and may apply the script to the purchase of food in College dining halls or the College Center. The script plan frees subscribers from dining hall meal schedules by allowing them the option of eating in the College Center at any time between 7:00 a.m. and midnight.

The two meal plans for the fall of 1975 were proposed by the Faculty-Student Association's administrative food service committee, which comprises students, faculty, administrators and FSA representatives. The plans were approved by the executive committee of the Faculty-Student Association to allow food service subscribers a choice between the most economical and most convenient options available given the current conditions in the food and labor markets.

### CONVERSATION WITH THE PRESIDENT TOMORROW

Everyone is invited to attend tomorrow's (May 9) Conversation with College President Joseph Burke and share thoughts on any topic. The Conversation with the President will begin at 4:00 p.m. in the Cardinal Lounge of the College Center.

### BLUEGRASS, ARTS FAIR, PICNIC HIGHLIGHT SPRING WEEKEND

More than sixty artists and craftsmen from New York, Vermont and Quebec will display and sell their wares at the **arts and crafts fair**. Admission to the fair is free of charge for guests. The \$5.00 registration fee to be paid by exhibitors will benefit the Eliot Allen Scholarship Fund with the Plattsburgh College Foundation. Staff members from the student activities office and the College Center have coordinated the fair, and it is sponsored by the Plattsburgh Alumni Association.

Admission is also free to the Sunday **bluegrass concert**. Featured will be Keith and Cyl Dawson, Breakfast Special, and the Pousette Dart String Band. The spring weekend picnic is scheduled immediately following the bluegrass concert.

## **COLLEGE EARNS FAVORABLE RATING ON COMMUNITY ATTITUDE SURVEY**

At the direction of President Burke, the Office of College Relations recently conducted a survey of area residents designed to assess the opinions they hold toward the College at Plattsburgh. A total of 225 persons responded to the survey (out of 440 who received questionnaires) and shared their opinions on such topics as the College's impact on the community, its academic quality, its value to them, and their opinions about students and faculty.

Throughout the survey, area residents gave the College and its people high marks for positive contributions to the North Country. "We can all take pride in the fact that the College's role in the community is as widely appreciated as the results of this survey indicate," said President Burke. Copies of the survey analysis may be reviewed at the Office of College Relations.

## **PRESIDENT EMERITUS ANGELL TO CHAIR ALUMNI FUND DRIVE**

College President Emeritus George W. Angell has been named honorary chairman of the Plattsburgh Alumni Association's fifth annual scholarship fund drive. The alumni appeal for scholarship funds will begin in June and end in December, and fund drive organizers hope to better this year's total fund drive collection of approximately \$16,000. During 1974 the average gift to the Alumni Annual Fund increased by \$7.00 to an average of \$24 per contributor.

## **HOME ECONOMICS AND T.A.C. COMBINE TO RECORD 'MARKET BASKET'**

Students and faculty from the College's Department of Home Economics and Technical Assistance Center have initiated a monthly market basket report which records fluctuations in the average price of a typical market basket of 68 items at Plattsburgh's major supermarkets. After being compiled by students in home economics, adjusted according to formulas established by TAC, and analyzed by home economics faculty, the market basket report will be distributed each month to local news media. Market basket figures for the first three months of the project have shown a steady decline in prices at Plattsburgh-area supermarkets. A typical market basket of items which would have sold for \$100 in February was down to \$99.07 in March and could have been purchased last month for \$97.34.

## **COMMUNITY CONCERTS ASSOCIATION ESTABLISHES \$1,400 MUSIC SCHOLARSHIP FUND**

Mrs. Catherine Coolidge and Mrs. Leah Giltz were instrumental in arrangements to have the Concerts Association's unused capital donated to the Foundation. The first scholarships from the fund are expected to be awarded in the Fall semester of 1975.

## ADMISSIONS DEPOSITS PAID BY 1,494

A total of 1,494 prospective freshmen and transfer students seeking enrollment at the College in the fall have paid \$50 admissions deposits, according to Admissions Director David Truax. The enrollment goals for the fall total 1,700 new students, and the "deposit-paid" acceptances now account for 88 per cent of that total. At this time last year, admissions deposits had been received from persons representing 81 per cent of the goal for new student enrollment in the fall of 1974.

Truax explains that the College expects to lose some of the students who have paid their deposits for fall enrollment, but he anticipates enrollment goals will be reached since many acceptances are still outstanding and applications continue to be received.

## **FACULTY SENATE CONCLUDES SCHEDULE FOR THIS ACADEMIC YEAR**

The Faculty Senate concluded its regular schedule of meetings for the current academic year on Tuesday when it approved a minor change in the Faculty ByLaws, considered a proposal relating to transfer credits for graduate students, and approved a proposal to establish bachelor of science programs in biochemistry and biophysics. The change in the ByLaws corrects a minor inconsistency. The change is subject to approval by President Burke.

Following discussion by the Senate, a proposed addition to the College policy on transfer credit for graduate students was referred back to the standing committee on graduate studies for clarification. The proposal for establishment of bachelor of science programs in biochemistry and biophysics was forwarded to President Burke after approval by the Senate. The proposal is subject to the President's approval and the approval of both the Central Office of State University and the State Education Department before it may be implemented at the College.

The next regular meeting of the Senate is scheduled September 16.

## **FOREIGN STUDENTS SEEKING SUMMER HOMES**

Several of the College's foreign students face a difficult situation this summer, according to foreign student advisor Donald Knies. Denied work permits by the Immigration and Naturalization Service (INS), the students will be unable to support themselves for the summer months and will be forced to return to their homelands without completing their educations unless they find local patrons. The students are willing to perform tasks around the house — gardening, babysitting, carpentry, etc. — for anyone who will provide them with room and board for the summer. If you care to learn more about their situation, or if you can help, you are invited to contact Knies at 564-3038.

## **DR. THOMAS ACETO NAMED STUDENT AFFAIRS VICE PRESIDENT**

Dr. Thomas D. Aceto of Keene, New Hampshire, will become Vice President for Student Affairs at the College on July 1. The Trustees of the State University of New York approved the appointment of Dr. Aceto at their meeting today in New York City.

Dr. Aceto, 38, is currently Dean of Student Affairs at Keene State College in New Hampshire. He was one of approximately 175 candidates for the position of Vice President for Student Affairs at the College at Plattsburgh — a position which will be vacated June 30 by the retirement of Willard C. Flynt.

As Vice President for Student Affairs at Plattsburgh, Dr. Aceto will supervise the efforts of more than 30 professional staff members whose responsibilities include counseling, financial aid for students, coordination of student housing and student activities, admissions, career planning and placement, student health services and economic opportunity programs.

A twenty-nine member campus search committee began in September of 1974 the task of recruiting candidates for the vice presidency and reviewing the qualifications of applicants. The committee, which included representatives of virtually every constituency on campus, narrowed the field of candidates to three persons whom they judged to be most qualified. Those three persons were invited for interviews on campus, and the results of their interviews were forwarded to President Joseph C. Burke who made the final decision to recommend Dr. Aceto for the position.

Commenting on his choice, Dr. Burke said: "I was very pleased to recommend Dr. Aceto most enthusiastically to Chancellor Boyer for the position of Vice President of Student Affairs. During his tenure at Keene State, Dr. Aceto gained widespread respect and confidence from the College's faculty and student body. Every contact I made during my visit to Keene reaffirmed my belief that in obtaining the services of Tom Aceto this College will gain a person of integrity and diligence who will be capable of establishing excellent rapport with students and colleagues on all levels. I am certain that he will prove to be a valuable addition to the College and the community."

Dr. Aceto comes to the College at Plattsburgh with high recommendations from students, faculty and administrative colleagues at Keene State. He has been dean at Keene State since 1970.

The new Vice President holds a doctorate in education from Indiana University, a master of science degree in college student personnel studies from Southern Illinois University, and a bachelor of science degree in music education from Potsdam State University College.

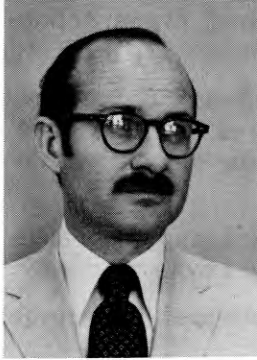

## **STUDENT ASSOCIATION DONATES \$10,000 FOR SCHOLARSHIPS**

The Plattsburgh Student Association has continued its support of the work of the Plattsburgh College Foundation by appropriating \$10,000 from its 1975-76 budget to be used in the Foundation's scholarship programs for Plattsburgh students. From the \$10,000 allocation, \$5,000 will be placed in the Student Association Scholarship Endowment Fund and \$5,000 will be divided into scholarships to offset designated students' financial need during the coming academic year. The Student Association Scholarship Endowment Fund with the Foundation now stands at \$15,000. Income from that fund will provide scholarships for future students at the College.

## **DR. THOMAS PORTER TO BECOME VICE PRESIDENT FOR ACADEMIC AFFAIRS**

The State University Trustees today approved the appointment of Dr. Thomas A. Porter of West Hartford, Connecticut, to the position of Vice President for Academic Affairs at the College at Plattsburgh. Dr. Porter will assume his office September 1.

The new vice president has served as Dean of the School of Arts and Sciences of Central Connecticut State College since 1970. He succeeds Dr. Charles Evans who was appointed Acting Vice President for Academic Affairs September 1, 1974, when Dr. Joseph Burke left that position to become President of the College.

As Vice President for Academic Affairs, Dr. Porter will be the chief academic officer for the College, responsible to the President for coordination, maintenance and development of the undergraduate, graduate, and research programs of the College. His duties will range

from supervision, evaluation and recruitment of academic personnel to development of academic budgets, and from design and improvement of curricula to representation of the College's academic interests in dealings with other officers and agencies inside and outside the College.

Dr. Porter was one of 186 candidates for the position of Vice President for Academic Affairs. He was one of five persons chosen by a 27-member search committee to be invited to campus for personal interviews. Results of those interviews were forwarded to President Burke who made the final decision to recommend Dr. Porter for the position.

"The Vice President for Academic Affairs is at the heart of the mission of the College at Plattsburgh. It is his responsibility to work with students, faculty and staff in ensuring the existence on campus of a high quality, productive academic environment. We are fortunate that Dr. Thomas Porter has agreed to assume that responsibility at Plattsburgh. He brings to the College demonstrated abilities as an administrator and academician, and combines those abilities with his compassion for faculty and students," said Dr. Burke.

Dr. Porter, 40, holds the Bachelor of Arts degree in political science from Yale University, the Bachelor of Laws degree from the University of California at Berkeley, and the Doctor of Philosophy degree from Harvard University. He was admitted to the California Bar in January 1960. While in residence at Harvard, Dr. Porter was a Woodrow Wilson Fellow from 1960-61, and a teaching fellow from 1962-63.

Dr. Porter's professional experience prior to joining Central Connecticut State College included positions as Assistant to the Vice President — Academic Affairs for the University of California, acting assistant professor of political science at the University of California at Berkeley, assistant professor of political science at California State College in Long Beach, and deputy county counsel for Los Angeles County.

## **FIVE FACULTY MEMBERS GRANTED EMERITUS STATUS**

Five members of the College faculty who have retired or announced plans to retire this year have been designated emeritus faculty under a new policy of the Board of Trustees of the State University. That policy automatically bestows emeritus status upon members of the faculty or professional staff who retire from the university in good standing.

**G. Glyndon Cole** retired January 1 from the position of associate librarian. He had been a member of the College faculty since 1961 and editor and publisher of *North Country Life* (now known as *New York State Tradition*) since 1946. He was also editor of the *Bulletin* of the North Country Historical Research Association from 1966-69.

**Willard C. Flynt**, Vice President for Student Affairs and a member of the College administration for the past twenty years, will retire June 30. He received the Distinguished Service Award at commencement exercises May 25.

**Ras. M. Halder**, professor of sociology, will retire from the College June 30. Educated in India and the United States, he worked in educational and social welfare agencies in India for approximately 25 years before coming to the United States in 1955 as First Secretary for Education at the Indian Embassy in Washington. He joined the faculty of the College at Plattsburgh in 1962.

**Hans E. Hirsch** will retire from the College August 31 after 26 years service as professor of history. Dr. Hirsch, who has been a member of nearly every major committee at the College, also received the Distinguished Service Award at the 1975 commencement.

**Leonard J. Schiff** will retire August 31 from the position of College physician. Dr. Schiff maintained a private practice in Plattsburgh for many years before he joined the faculty in 1957.

#### **SEARCH BEGINS FOR ASSISTANT TO PRESIDENT**

Applications will be accepted through July 11 from candidates for the position of Assistant to the President at the College at Plattsburgh. President Burke expects to fill the position September 1 when Dr. John L. Myers, Acting Assistant to the President since September 1, 1974, returns to the teaching faculty.

The newly defined responsibilities of the Assistant to the President include coordinating and controlling the work flow of the President's office; serving as liaison with the Executive Staff and College Committees; drafting routine correspondence; gathering pertinent information to facilitate the decision making process; monitoring the progress of the implementation of decisions.

To qualify, candidates should hold a minimum of a Master's degree (Ph.D. preferred), have previous administrative experience at a college or university, and have demonstrated ability to organize efficiently and write effectively.
